

The Auckland Pistol Club Inc

PO Box 75-491, Manurewa, Auckland, New Zealand

YOUR INVITATION TO JOIN THE AUCKLAND PISTOL CLUB (INC)

Did you know that it is possible to own and shoot pistols here in New Zealand? It is, and you too can be part of this exciting, dynamic sport and recreation.

Naturally, strict rules apply. You must belong to a registered Pistol Club, have no police convictions and be an upstanding citizen of good character.

Firstly you will need a NZ Firearms licence. If you do not have one you will need to visit your local Police Arms Officer. This will cost \$200 and will take approximately three months. If you do have a NZ Firearms licence the please read on.

Once you become a Pistol Club member you will be required to serve a six month probation term. During these six months you will be taught how to shoot a club pistol skillfully and safely.

After completion of your training period you may apply to the Police (once you have gained Committee & Pistol New Zealand approval) for a 'B' endorsement (another \$200). This allows ownership of a pistol. Of course, home security will be checked by the Police and attendance at the club is required on a regular basis.

As a member of the Auckland Pistol Club (Inc) you have the opportunity of participating in a wide variety of shooting disciplines including:

- ISSF – Precision target shooting similar to that shot at the Commonwealth and Olympic Games;
- ACTION – Practical pistol matches which involve drawing a loaded pistol from the holster (after training) and engaging both steel and paper targets;
- PLUS - .22 action, silhouette and black powder.
